

LOGMASTER

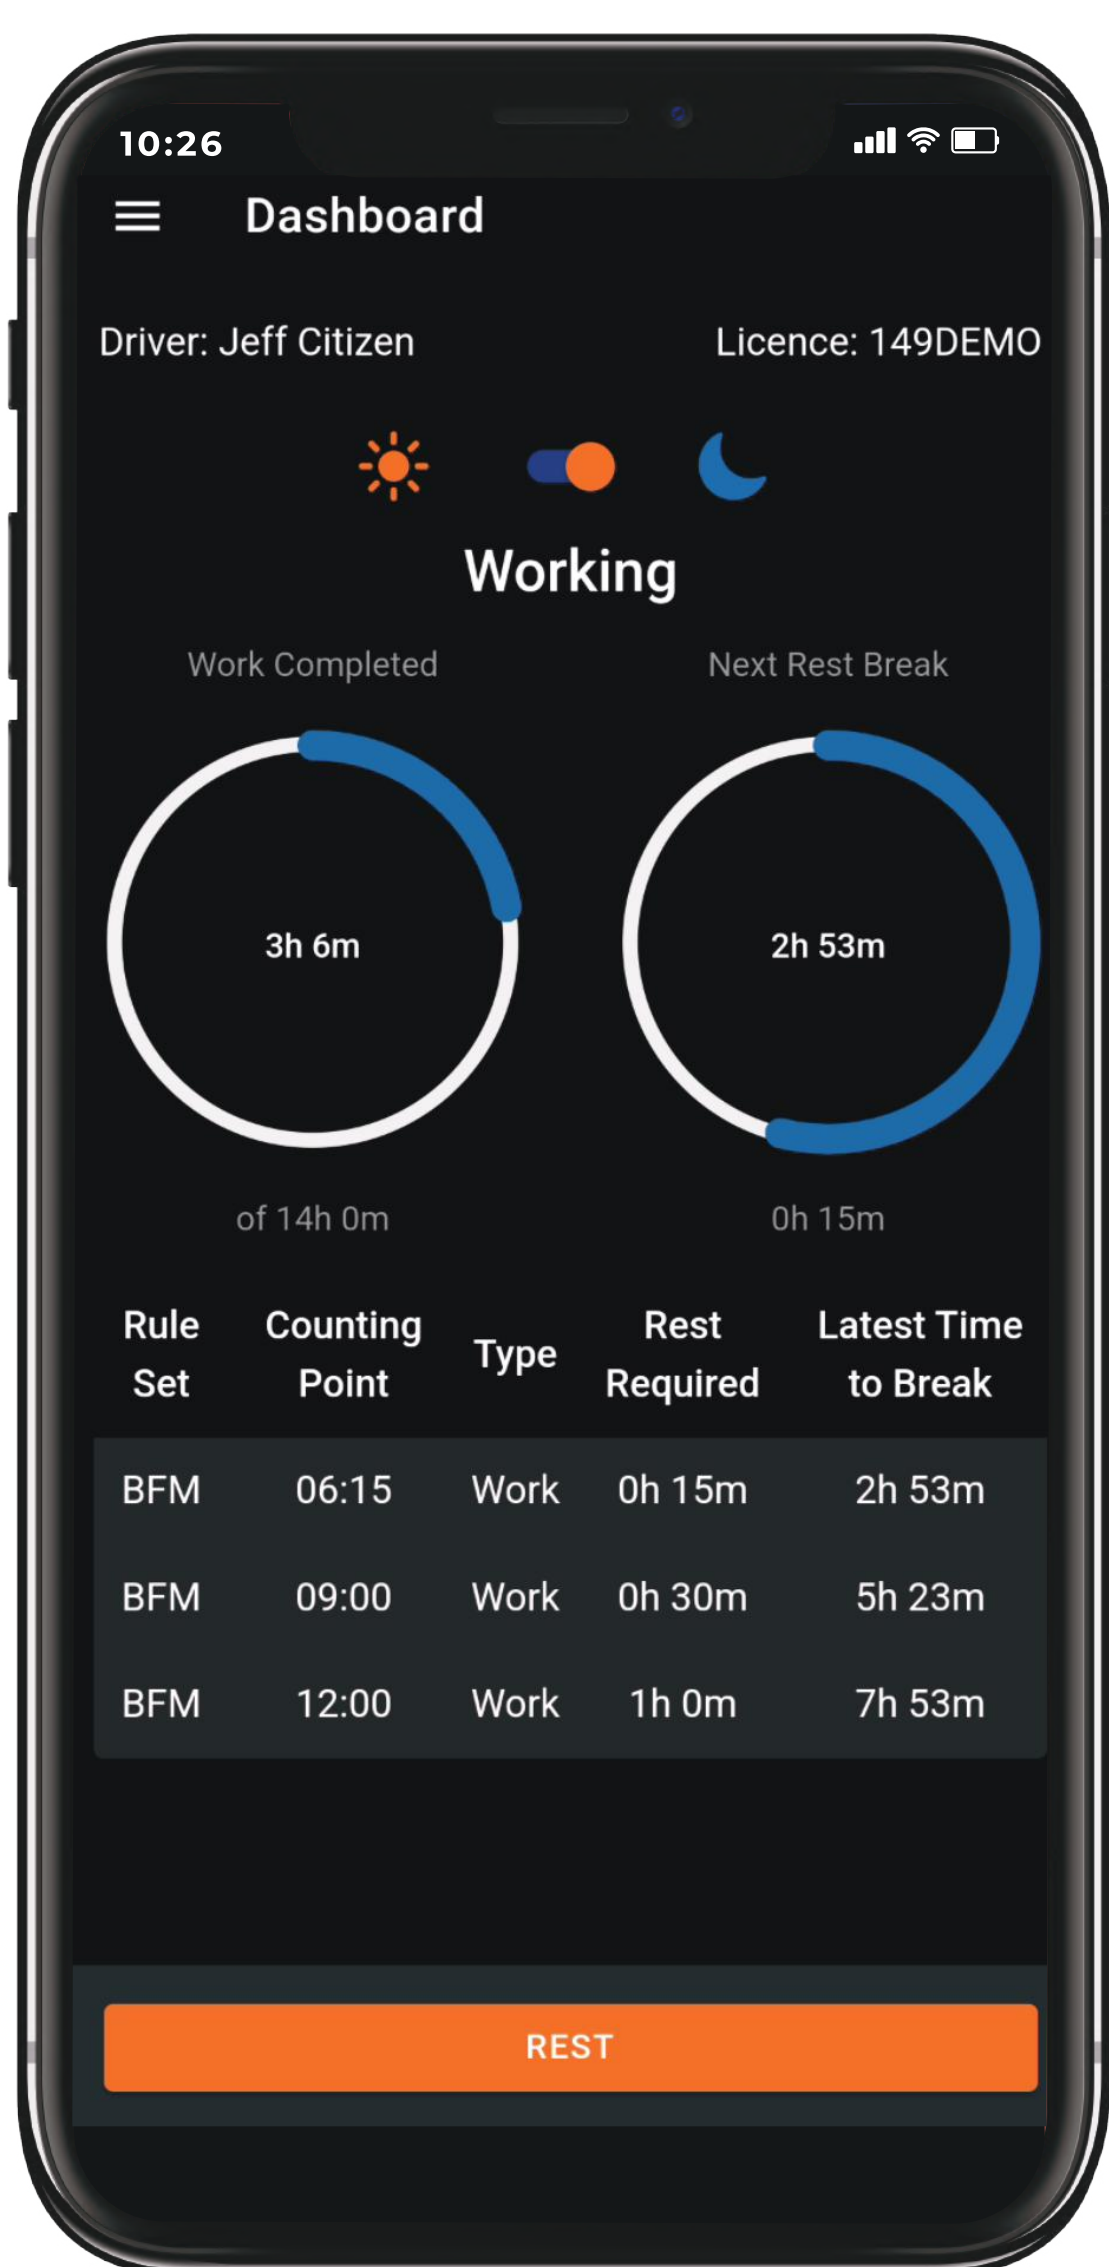

ELECTRONIC WORK DIARY

ADVANTAGES

- ✓ Helps reduce logbook errors which can result in fines
- ✓ Helps prevent breaches with countdown clock and break alerts
- ✓ Allows drivers to edit their work and rest break info before submitting
- ✓ Start rest breaks whenever you stop - EWD counts to the minute rather than by 15 minute blocks like paper logbooks
- ✓ Allows roadside inspections to be conducted more quickly and with confidence

SIMPLE AND EASY TO USE

- ✓ Works in blackspots and low coverage areas.
- ✓ Includes all WA and NHVR rule sets and supports 2 up and coach driving
- ✓ Compliant to use on any Android or Apple phone or tablet from the last 10 years.
- ✓ Removes the need to keep a paper logbook with you in the truck once you have logged for 28 days with Logmaster
- ✓ Works in all states and territories of Australia
- ✓ Switch on voice alerts and the EWD will speak to you and remind you how long you have left until you must stop for a rest break.
- ✓ The system supports subcontractors and drivers who work for multiple companies.
- ✓ Easy self setup - takes 5 minutes to setup
- ✓ All training and support included - call us anytime
